RE: Case No. 2005-00185

Dear Mr. Kirtley:

This is to advise that the \$1,000.00 Wastewater "Connection Fee" in the above named project was determined by the Engineers estimated cost of installation of material. (The material (pipe, fitting, etc.) to be purchased with a \$2 million grant from the Infrastructure for Economic Development Fund for Coal Producing Counties.) Estimated cost of installation is \$500,000.00. With an estimated 512 new connections (512 x \$1,000 = \$512,000.00) we propose to use the connection fee for installation cost.

If you have any questions, or need additional information, please advise.

Your help and approval in this matter is greatly appreciated.

Sincerely,

Paul Napier
Division Supt.
